FORENSIC AUDIT DOSSIER

AI-Powered Fake Review & Coordinated Network Detection Engine | Generated: 2026-11-07 06:01:00 UTC

CONFIDENTIAL & ETHICAL SAFEGUARD NOTICE: Indicators presented herein represent algorithmic anomaly signals for human trust & safety review. They do not constitute legal determinations of intentional fraud.

1. Executive Threat Landscape & KPIs

Metric	Value	Status / Interpretation
Total Analyzed Reviews	16	Full Platform Ingestion
Suspicious Reviews Flagged	10	62.5% of total corpus
Identified Collusion Clusters	2	Coordinated Ring Subgraphs
Monitored Products	4	Active Catalog SKUs
Monitored Reviewer Accounts	12	Pseudonymized Reviewer Nodes
Overall Catalog Trust Index	77.5 / 100	Composite Trust Health Score

2. High-Priority Flagged Reviews

ID	Product SKU	Rating	Score	Risk Tier	Key Explainability Trigger
12	FIT-PULSE-TRACK	5.0 ★	59.2	MEDIUM	Text has 100% lexical match with another revi
14	FIT-PULSE-TRACK	5.0 ★	59.2	MEDIUM	Text has 100% lexical match with another revi
16	FIT-PULSE-TRACK	5.0 ★	59.2	MEDIUM	Text has 100% lexical match with another revi
6	HOME-SMART-PLUG	5.0 ★	54.8	MEDIUM	Text has 100% lexical match with another revi
7	HOME-SMART-PLUG	5.0 ★	54.8	MEDIUM	Text has 100% lexical match with another revi
11	HOME-SMART-PLUG	5.0 ★	52.6	MEDIUM	Text has 100% lexical match with another revi
13	HOME-SMART-PLUG	5.0 ★	52.6	MEDIUM	Text has 100% lexical match with another revi
15	HOME-SMART-PLUG	5.0 ★	52.6	MEDIUM	Text has 100% lexical match with another revi

3. Trust & Safety Analyst Recommendations

1. **Manual Audit Verification**: Inspect all reviews tagged with 'High Duplicate Similarity' for template copy-paste rings.
2. **Network Quarantine**: Temporarily dampen the rating weights of reviewers identified within high-density collusion clusters.
3. **Buyer Verification Friction**: Enforce SMS or purchase verification steps before allowing reviews on high-risk product SKUs.
4. **Preserve Anonymity**: Adhere to data privacy policies and do not publicize raw reviewer credentials during investigation.
